

Funding Opportunity Announcement

State Apprenticeship Expansion Formula (SAEF 4)

Overview

The Community College System of New Hampshire (CCSNH), through ApprenticeshipNH, is pleased to announce funding opportunities through the U.S. Department of Labor State Apprenticeship Expansion Formula Round 4 (SAEF 4) grant. Funding supports the development, expansion, and strengthening of Registered Apprenticeship Programs in skilled trades, manufacturing, shipbuilding and maritime trades, K-12 and early childhood education, and healthcare aligned with GO-NORTH and Rural Health Transformation initiatives.

Who May Be Eligible

Eligible applicants may include new employers and sponsors, current employers and sponsors interested in developing new occupations, workforce and education partners, participants age 16 and older entering newly developed Registered Apprenticeship Programs, and pre-apprentices in qualifying programs that lead to Registered Apprenticeship.

Funding Opportunities

APPRENTICES

Related Technical Instruction (RTI) Scholarships — \$500 per eligible apprentice

Awards are based on apprentice need, funding availability, and alignment with eligible RTI provided through CCSNH.

Support Services — \$500 per eligible apprentice

Funding may help address financial barriers and is based on apprentice need, funding availability, and allowable grant activities.

PRE-APPRENTICES

Eligible pre-apprentices in qualifying programs leading directly to Registered Apprenticeship may receive grant-funded services, subject to program requirements and available funding.

EMPLOYERS & SPONSORS

Employer Incentive Funding and On-the-Job Training (OJT) Funding

Available through a competitive application process, with award amounts based on project scope, funding availability, and grant priorities.

Funding Availability

Funding is limited and subject to federal grant availability, eligibility requirements, program priorities, and ApprenticeshipNH approval; submission does not guarantee an award.

For eligibility requirements, application procedures, and current funding opportunities, scan the QR code or visit www.ApprenticeshipNH.com.
